

The 2000s. The events that shook the world in the new millennium.

English 8-9 form
Zautashvili E.E.

Do we have the future?

Есть ли у нас будущее?

Are the events always the reflection of their time?

Являются ли события отражением времени?

• ***Which Mass Media tell people about the events happening in the world?*** *Какие СМИ освещают события, происходящие в мире?*

• ***Mass Media: good or bad?*** *СМИ, хорошо или плохо?*

• ***What are the main economic events influenced the world in the last ten years?*** *Какие основные экономические события, повлияли на мир за последние 10 лет?*

• ***In what way has the ecological situation changed in the world?*** *Как изменилась экологическая ситуация в мире?*

• ***What teen problems has the millennium made clear?*** *Какие проблемы молодёжи выявило последнее тысячелетие?*

***But at first let's revise if
you are ready***

1. Find the word that doesn't belong to the list.

- ***radio, tabloid, newspaper, the Internet, advertisement, television***
- ***daily, weekly, monthly, telly***
- ***news, advertisement, show, film, computer, play***

2. Match the two columns to make new word combinations.

Read the definition and say what it is.

- 
- *A short informative film describing and praising some product.*
 - *A serial about people's relationship especially love and friendship.*
 - *A film about nature or a historical event with real people in it.*
 - *A TV programme where people discuss a problem.*
 - *The media with the help of which people communicate with each other or can find the necessary information.*
 - *New information about sports presented in a short TV programme.*
 - *A programme about weather.*
 - *An intellectual programme with a lot of questions on different topics.*

3. Read the words and write them in 3 columns

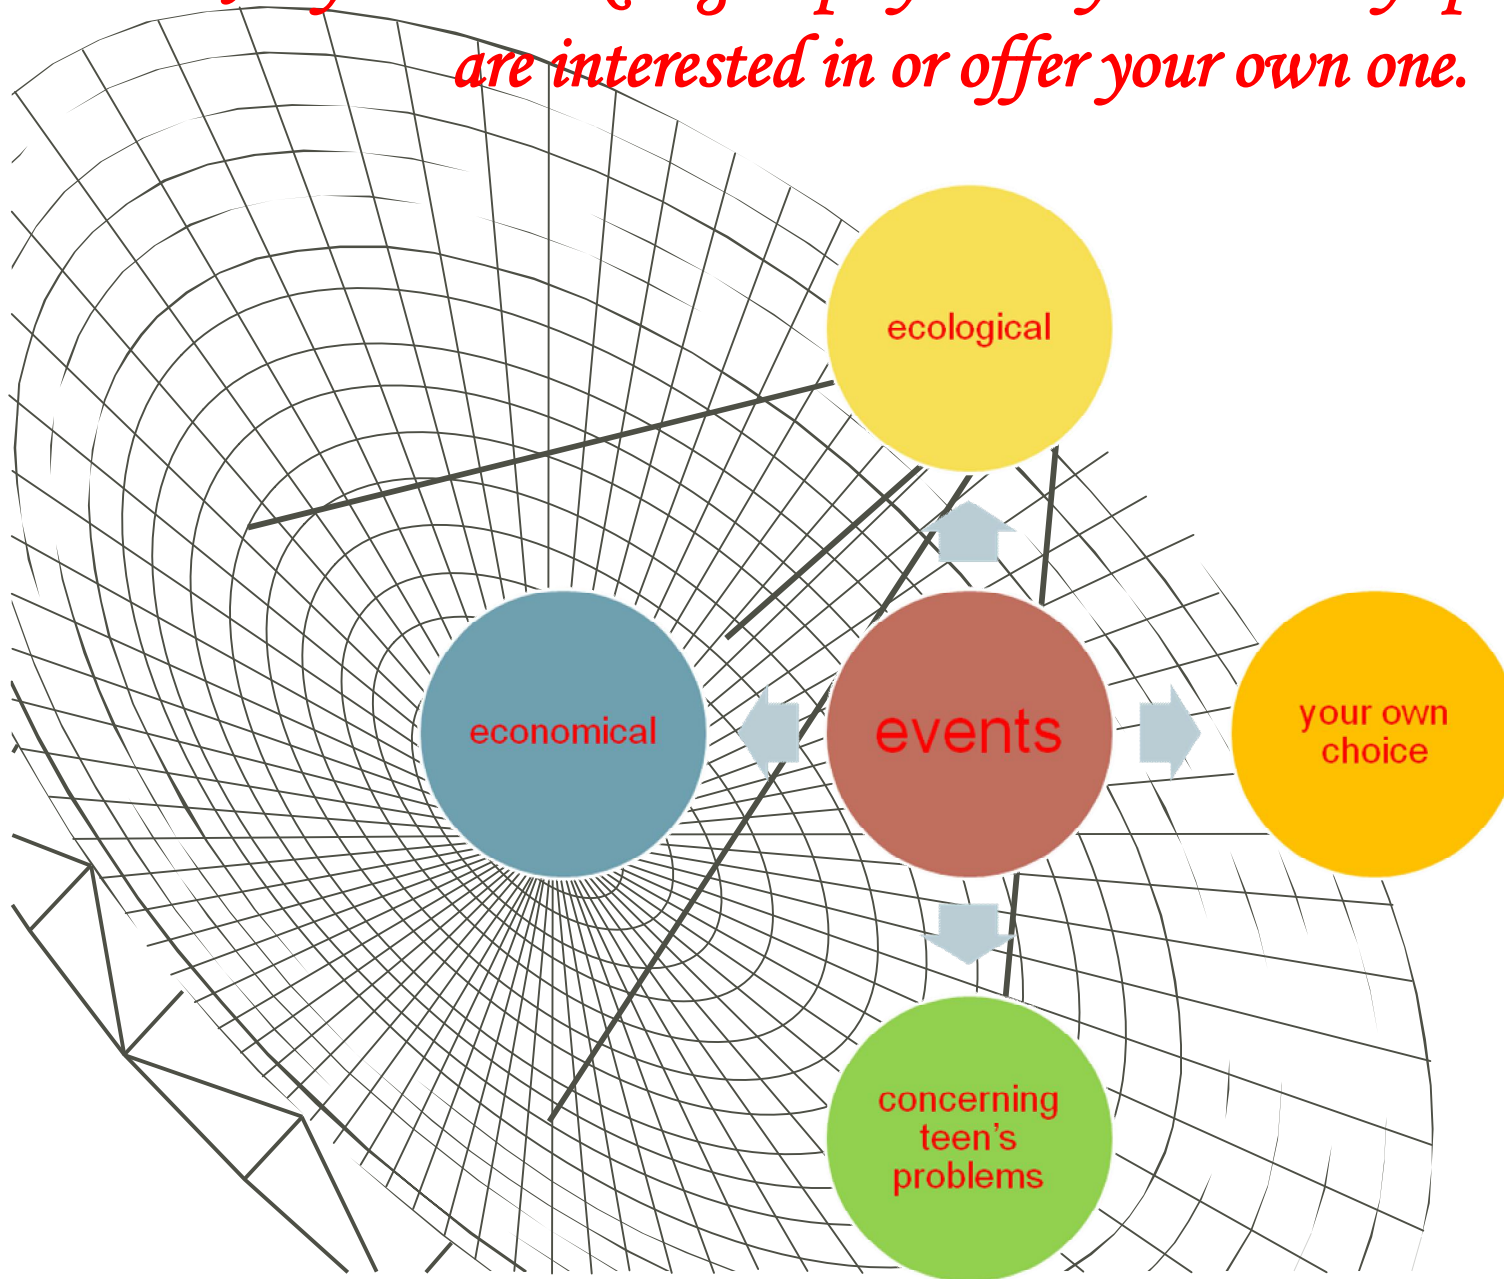

an article on
economy

an article on
ecological problems

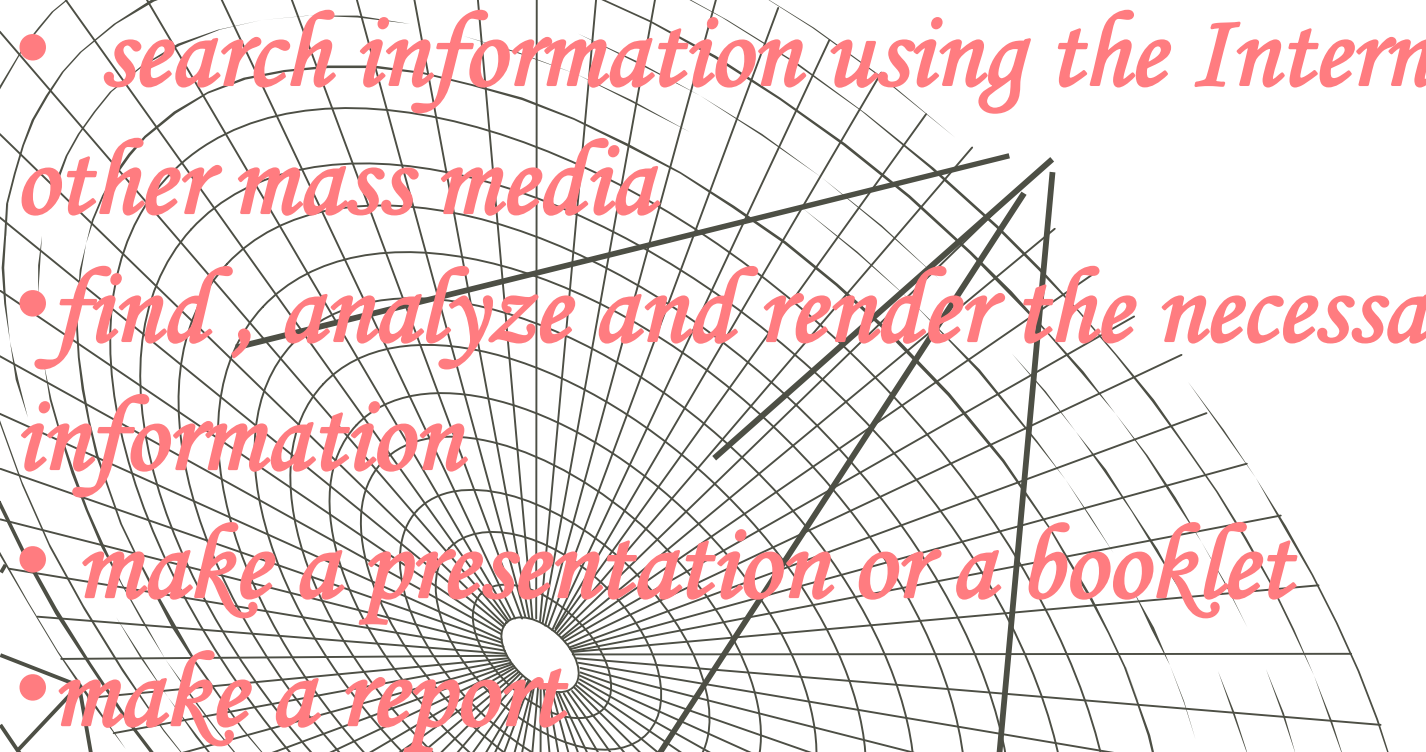

an article on teens'
problems

drugs, biggest-selling product, chemical substances, market economy, economical development, exotic plants, international corporation, violence on TV, recycling of waste, computer games, youth organizations, scientific expedition, tropical wildlife, indifference of parents, unequal rights, international business, professional manager, pollution of the environment

As you'll work in groups you may choose any sphere you are interested in or offer your own one.

At the end of the project you'll be able to:

- 
- *search information using the Internet and other mass media*
 - *find, analyze and render the necessary information*
 - *make a presentation or a booklet*
 - *make a report*
